And that the facts establishing the grounds for issuing a Search and Seizure Warrant are the following:

1. The affiants, Detective Kyle Howles and Detective John Pesce, are sworn members of the Waterbury Police Department, having over 42 years of police training and experience. The affiants are currently assigned to the Criminal Investigations Bureau (CIB) and have conducted numerous investigations resulting in the arrests and convictions of those involved.
2. That, on 2/17/25 at approximately 2042 hours, the Waterbury Police Department received a complaint for an active fire at 2 Blake St in Waterbury, CT, filed by Kimberly Sullivan (DOB 3/22/68). Officers Martinaj and Inzitari were dispatched to the scene, as well as the Waterbury Fire Department (WFD). Upon arrival, the WFD was already on scene and began working on the active structure fire.
3. That, Officer Inzitari observed that the WFD made entry into the residence and removed a party, later identified as [REDACTED] who was immediately brought to AMR Ambulance for medical treatment. Inzitari reported that [REDACTED] step mother, Kimberly Sullivan, was standing outside and was uninjured. The WFD worked the fire and were able to extinguish the fire which appeared to be mostly contained to the second floor. Multiple rooms on the second floor had heavy fire, smoke, and water damage from the incident. Other areas of the house sustained smoke and water damage from the incident.
4. That, Inzitari checked on [REDACTED] in the ambulance where he was being treated for smoke inhalation. Upon viewing [REDACTED] Inzitari observed that [REDACTED] is extremely emaciated, his hair was matted and unkempt, he was very dirty, and his teeth all appear to be rotten. [REDACTED] was conscious and alert although was he was having difficulty speaking due to the smoke inhalation. [REDACTED] reported to Inzitari that he intentionally started the fire in his room on the second floor using a lighter, hand sanitizer, and paper in an effort to kill himself. [REDACTED] reported that he wanted to kill himself because he "wanted freedom" as he has been held captive at the residence since he was approximately 11 years old. [REDACTED] specifically mentioned that his step mother, Kimberly Sullivan, keeps him locked inside his bedroom as there is a lock on the outside of his bedroom door. [REDACTED] was transported to St Mary's Hospital for treatment before being transferred to Bridgeport Hospital as his condition worsened and he was listed as being in critical condition.
5. That, Officer Ballou spoke to Kimberly Sullivan on scene and was asked if [REDACTED] was diagnosed with any mental health problems. Kimberly stated that [REDACTED] is "slow" but that he doesn't have diagnosed mental disorders or other ailments.
6. That, Detective Pesce was contacted to respond to the fire scene as he is a Police Fire

Investigator for the city. Upon arrival, Pesce was updated by on scene officers of [REDACTED] condition related to the fire and his general appearance. Pesce then introduced himself and spoke briefly with Kimberly Sullivan. Kimberly reported to Pesce that she didn't know what happened and that she woke up to the smoke and went to [REDACTED] room. Kimberly stated she went to [REDACTED] room and saw a large amount of fire in his doorway. Kimberly stated that [REDACTED] was saying something about a TV and that she was screaming at [REDACTED] to get out of the room. Kimberly stated that she guessed he ran through the fire because he did end up outside of the room. Pesce asked if [REDACTED] was diagnosed with any mental conditions and Kimberly stated that he has a lot of problems but isn't diagnosed with any conditions as [REDACTED] father was against using doctors. Kimberly stated that she has brought [REDACTED] to a psychiatrist a few times as [REDACTED] has mentioned hurting himself in the past. Pesce asked Kimberly if [REDACTED] was locked inside his room and she stated that his door is not locked and that he has free reign of the house.

7. That, while the WFD were still actively on scene dealing with the fire scene, WFD Inspector Sevilla and Pesce did a cursory walk through of 2 Blake St in Waterbury to ascertain the origin and cause of the fire. WFD Inspector Sevilla located a burn pattern on the ground of a second floor bedroom consistent with a fire being set to that location as there were various burnt up papers and burnt debris. This location is consistent with the room that was described to be [REDACTED] room on the second floor.

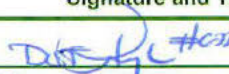

8. That, while fighting the fire, members of the WFD had moved items around the second floor bedroom (WFD uses the term overhaul) and removed the door to the room. Pesce observed that there is a slide lock on the outside of the door frame which could be used to secure a door closed from outside of the room. Furthermore, the removed door from the room has a latch that appears to match up with the location of the slide lock.

9. That, the WFD deemed the residence to not be habitable and advised Kimberly that the house needed to be boarded up by the insurance company due to excessive damage to the upstairs of fire and smoke and water damage throughout. Kimberly agreed to make the notification and the house was boarded up and secured on 2/18/25 by ConnReno (Connecticut Fire Restoration Specialists).

10. That, Detective Pesce reached out to Kimberly Sullivan in an effort to further interview her in relation to the fire and [REDACTED] Kimberly refused to meet with Pesce and stated that she has spoken with an attorney and will not be speaking to police.

11. That, on 2/21/25, Detective Pesce responded to Bridgeport Hospital, where [REDACTED] was recovering and was able to be interviewed after being upgraded from critical condition. At this

point in the investigation, Detective Pesce was aware that [REDACTED] had made statements to officers on scene of the fire that he had intentionally set the fire to the house because he has been held there and not allowed to leave for approximately 20 years. When officers were speaking with [REDACTED] in the ambulance, it was clear that he was in deteriorating physical condition based on his weight and hygiene. Officers noticed his condition and questioned him about it with [REDACTED] stating that he had not bathed in about a year. Pesce then conducted an audio and video recorded interview with [REDACTED] who, over the course of a two hour interview, provided details of his life since he was in grade school. [REDACTED] explained to Pesce that since about the age of ten, he has been forced to stay mainly indoors and, specifically, locked in a bedroom. [REDACTED] stated that over the course of time there were different locks that kept him in. The most recent lock was a slide type of lock that was on the outside of his bedroom door. [REDACTED] recounted a time when he was younger when he was locked in the bedroom, but was able to break through part of the door to unlock it. After that, he stated that both sides of the door were secured with plywood so he could not get through again. [REDACTED] remembered being told that he was untrustworthy because he would steal food. [REDACTED] stated that he was pulled from school in the third or fourth grade. He stated living with him in the house was his step mother (Kimberly Sullivan), his step sisters ([REDACTED] and [REDACTED]) and his father (who he did not mention by name). [REDACTED] reported that his father died approximately a year ago. [REDACTED] provided details of how he was confined to his room only and allowed out at times to do chores around the house. Throughout the interview, [REDACTED] recounted times when he actually left the house and it was far and few between. [REDACTED] remembered a trip to the zoo as a child, a trip to a beach as a child, and a trip to the dump when he was a teenager. [REDACTED] added that there were times when he would be allowed outside to help with snow shoveling, but he was rarely out of the house. [REDACTED] continued by explaining that his only connection to the outside world was looking out of his window and listening to a radio that his step mother would occasionally allow him to change the stations. [REDACTED] stated that over the course of his life he was only given a couple new books each year and he had a few games in his room to keep him occupied. He stated that any kind of education stopped once he was pulled from school. [REDACTED] has never had any friends and was kept in his room when there was an occasional visitor. He was asked why he never attempted to get help and he was told by his step mother that he would never see the light of day if he did. [REDACTED] explained that his step mother controlled everything in the house and every crumb of food. [REDACTED] stated that the only food he was provided was one or two sandwiches a day and that the food he was being provided became less and less over time. [REDACTED] told Pesce that he was not allowed to clean his clothes. He stated that he would have to sneak some of his clothes in the wash when he was washing clothes as a chore for his step mother. On the day of the fire, [REDACTED] explained that he intentionally set the fire because he wanted the fire department to come so he could be helped. Once the fire was significant, he banged on his bedroom door for help. He said that his step mother yelled to him asking what he wanted and finally opened the locked door. At that point, he remembered being overwhelmed by the smoke. [REDACTED] remembered getting downstairs where his

step mother made him go into the bathroom to clean his face. [REDACTED] stated that he went into the bathroom and cleaned his face with a towel before the firefighters then came in and helped him outside. During the interview, Pesce photographed [REDACTED] physical condition and it is clear that he is severely emaciated and in horrific physical health and condition. Pesce took photos of [REDACTED] mouth and it is obvious that his teeth and mouth are in full decay. [REDACTED] explained that he had not seen a dentist nor a doctor in over 20 years. He stated that when he was sick his step mother would only give him aspirin. [REDACTED] added that sometimes when he eats, pieces of his teeth will break off. When asked about the rest of his family, [REDACTED] stated that when his father was alive, he went along with how he was treated as his step mother also controlled him. He stated that his two step sisters are aware of his treatment as well but they are treated differently than him as they are his step mothers children, but they don't live in the house anymore.

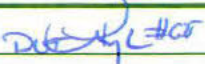

12. That, [REDACTED] father was identified as Gregg Sullivan (DOB 2/22/62) and that he had died on 1/25/24.

13. That, detectives conducted an WPD in-house database check for [REDACTED] [REDACTED], which did not reveal any police interactions within this city since 4/1/2005. Additional law enforcement database inquiries for [REDACTED] did not reveal any results/records for [REDACTED]. An NCIC/COLLECT check of [REDACTED] [REDACTED]. Detectives have been unable to locate any recent school history past 2005 for [REDACTED]. Detectives are currently working with the City of Waterbury Department of Education to access possible archived education records prior to the timeframe [REDACTED] indicated having been taken out of the school system. Furthermore, detectives did an open source social media search for accounts associated with [REDACTED] and the family members provided by [REDACTED]. Social media accounts were located but no photos or mentions of [REDACTED] were observed in any of their content.

14. That, based on observations from the interviews conducted of [REDACTED] and discussion these affiants had with Detective Pesce, it is clear there was severe malnourishment. [REDACTED] appears to be approximately 5'8" to 5'10" and appears to weigh 70 to 80 pounds at the most. It is clear, there is tremendous muscle loss and muscle deterioration as well his bones and joints are visible in numerous locations. The muscles in his face are sunken, and the muscles in his clavicle area are sunken to the point of almost non existence. [REDACTED] muscle structure appears to be in contracted state from the malnourishment, specifically in his hands. His legs are bowed and it appears that he is unable to stand up straight. His skin color appears to be graying. His total physical condition resembles one who would be at a point at the end of their life.

15. That, on 2/27/25, detectives applied for and were granted a search warrant for 2 Blake St in Waterbury in an effort to seize items related to the arson of the house. Prior to the search, CST

Babakov documented the scene with photographs throughout the house which showed the condition of the house prior to the search. Detectives then responded to the bedroom where the fire had started and observed that the room (approximately 9 feet by 7 feet in size) had been mostly cleared out during the fire departments overhaul. The items appeared to have been thrown out of the lone window in the room to the ground behind the house. It should be noted that WFD Inspector Sevilla took multiple photos during the cursory walk through while WFD was still working the fire scene and an orange lighter was observed on the floor among the debris in the small upstairs bedroom where the fire started. The room was searched but the lighter was no longer within the room. During the search, detectives observed the door to the bedroom leaning against a wall just outside of the bedroom. The door frame does have two locking mechanisms on the outside of the room that appear be functional and could be used to secure the bedroom door from the outside as [REDACTED] had described. The door has a metal latch on the door that aligns with the slide lock and a small cut out that aligns with the secondary lock. Furthermore, the door has plywood paneling in each side of it, corroborating [REDACTED] statements that he had broken through the door at one point in the past and that it was makeshift repaired to keep him secured within the room.

16. That, on 2/27/25, Kurt Sullivan (DOB 9/11/69) responded to the CIB to speak to detectives about [REDACTED] Kurt is an uncle to [REDACTED] and was a brother to Gregg Sullivan. [REDACTED] had mentioned Kurt during the interview with Detective Pesce as someone that he remembers coming to the house multiple times every year around Christmas. [REDACTED] believed that he may have last seen Kurt around 2008. Kurt reported that prior to visiting him in the hospital on 2/26/25 he had not physically seen [REDACTED] since approximately 2004 or 2005. Kurt described a strained familial relationship with Gregg due to his relationship with Kimberly. Kurt stated that Gregg was very mild and meek mannered and that Kimberly was very controlling towards him and that he allowed it. Kurt stated that when he was around the family once a year on Christmas Eve when they would visit from around 2002-2005. Kurt stated that [REDACTED] was really small and skinny but it was within reason for his age. Kurt added that [REDACTED] seemed a little mentally delayed when speaking with him and talked to Kimberly about it but she reported that she believed that [REDACTED] had lead poisoning from their old house. Kurt stated that his family lost touch over the years with them as they weren't invited back after 2005 and that he wasn't involved with them for several years. Kurt stated that his brother died in January of 2024 and that he attempted to be involved in making arrangements with Kimberly but she made all the decisions to have him cremated and not have any services against his wishes. At that time, Kurt stated that he attempted to make contact with [REDACTED] but Kimberly wouldn't allow it. Kurt stated that he then came up with a plan to make contact with [REDACTED] by making up a story that Gregg had left a gift for him prior to his death in an effort to meet with him. Kurt stated that Kimberly asked him to leave the gift on the front steps of the house and would not allow him access to meet with [REDACTED] Kurt stated that although the behavior was concerning, he did

The front porch area has multiple white pillars and the third pillar from left side is labeled with house number "Two" in black letters. The house is currently secured by WPD officers.
